LA BAGUE POP

Baccarat La Bague Pop is the must have of the season for all women who love fashion. A sensuous jewel that can be worn both day and night to suit every wish and every moment. Its raw contours, sublime volumes and vibrant colours are a perfect fit for any outfit and the ideal way to assert your individuality and fulfil your every desire.

A sign of outer beauty, the colour uniquely highlights and sublimates all personalities. The clear-crystal ring emphasises the subtlety and the elegance of a lace dress or the bold transparency of a white blouse. For that strong, brooding look, La Bague Pop in black crystal is the ultimate accessory for a leather trench coat or a bespoke dinner jacket. In fiery red, it is a provocative match for a pair of stilettos. The peony pink, turquoise and light blue colour rings catch the light and attract attention. A palette of bright, vivid tones tailored to the season's colours and looks. Style is also about couture details: a golden thread enhancing an ultra-feminine silhouette.

Pairing elegance, sex appeal and imagination, La Bague Pop will become the obsession for all sophisticated, enigmatic and remarkable women.
