ZÉNITH 84 LIGHT CLEAR AND RED CRYSTAL CHANDELIER

The *Zenith 84 light clear and red crystal chandelier*, introduced in January 2014, embodies impressive timeless character, illuminating its surroundings with its unique sparkle. The Baccarat signature, the octagonal red ruby suddenly multiplies to challenge the clear crystal in a unique and extraordinary game of light. The vivid red is the result of the fusion of clear crystal and 24 K gold which gives it its vermillion luminescence. Baccarat's red crystal sparkles with the glow of a thousand flames within the clear and flickers with all the craftsmanship and passion for perfection that went into its making. This Baccarat creation echoes the lavish coloured chandeliers in the Dolmabahçe Palace in Istanbul which has the largest collection of Baccarat chandeliers in the world.

The signature *Zenith 84 light clear and red crystal chandelier* is a three-tier graduated lighting design that reveals the magic of Baccarat 250 years of rich tradition yet looking steadfastly to the future.
