ROUGE 540  
A CANDLE, A WHISPER OF LIGHT

***Rouge 540. A colour. A number. A perfume. A candle, a whisper of light.*** To celebrate the Maison's 250<sup>th</sup> anniversary, Baccarat has created the Rouge 540 candle. A scented flame and the intimate light of crystal in all its splendour together in this unique combination.

Like the bottle of the Rouge 540 fragrance, the crystal candle holder decoration is a tribute to the creations of Georges Chevalier, Baccarat's Artistic Director from the Roaring Twenties through to the Seventies. Enhanced by its many facets, this object of desire has an exclusive and timeless design which exalts the space and glows with a very special shimmering light. A scented candle is hidden in its heart, its fragrance, created by Francis Kurkdjian, is inspired by the floral, amber woodiness of the Rouge 540 perfume.

The Baccarat light and precious scented notes are combined here to heighten the senses and create unforgettable moments.
