## LE ZOO

Jaime Hayon has imagined for Baccarat the «Zoo» collection, a series of boxes in the shape of animals, midway between candy boxes and decorative objects. This amazing bestiary reflects the true stamp of the Spanish designer, a blend of fantasy and humour with the utmost respect for the materials he uses. Each character tells a story and illustrates the know-how of the artisans of the manufactory. Jaime Hayon plays with the combination of materials to offer a new perception of the dynamism of Baccarat. Each lid in cut clear crystal lies on a basis of solid tinted porcelain with a gilded inner lining. The bear, the monkey, the duck and the elephant perfectly fit within any style and light up the space with their radiant and playful presence.

Numbered edition.
