## NEW ANTIQUE MODULAR CHANDELIER AND SUSPENSION

A master in the art of harmoniously blending past and future, craftsmanship and innovation, whether stylistic or technical, Marcel Wanders drew inspiration from Baccarat's emblematic chandelier clochettes to design a lighting collection imbued with elegance and enchantment. Like a suspended dream, its clochettes dance in the air, held in place by an almost invisible thread. Adorned with the New Antique cut motif, they amplify light in a symphony of sparkling reflections. The 10-light centerpiece features a clochette in red, the Maison's signature color obtained with 24-carat gold powder.
