SOLAR

A celebration of Baccarat's radiant energy, Solar plays with contrast. Crystal and marble, power and finesse, transparency and opacity, angles and curves blend into a captivating visual paradox. Sculpture, vase, or bowl—one piece or two—Solar transforms with the whim of inspiration. To bring this masterpiece to life, Baccarat summoned the essence of its craftsmanship. In a meticulous choreography, the magicians of fire transform molten material into a glowing sun. Limited edition of 260, each piece is numbered.
