

# Harcourt Love

Baccarat unveils a collection of emblematic pieces adorned with a touch of red. A symbol of passion and elegance, red is the color of Baccarat. This deep hue embodies vibrant energy and awakens the emotions. Like the chandeliers with their distinctive red tassels, Baccarat red is a unique visual signature that captivates the eye and embellishes Maison's creations.

Harcourt Love celebrates love with Baccarat's most iconic creation, the Harcourt glass created in 1841. Recognized as the glass of princes and the greats of this world, Harcourt has traveled the globe, embodying the passion of Baccarat. Recognizable by its unique silhouette, six facets, and hexagonal base, it has been reinterpreted by the greatest designers.

Adorned with a delicately hand-engraved heart motif and a touch of red, the color of love, Harcourt Love is an irresistible gift to express affection and turn every occasion into a joyful memory.

A testament to epic romances, Baccarat continues to celebrate the beauty of feelings, a little, a lot, passionately.
