

Louxor round red vase

The Louxor round vase, inspired by ancient Egypt and its architecture, is adorned in red, Baccarat's signature color. Combining diamond cuts, bevels, and vertical lines, Louxor creates the magic of endless pyramids of light, transforming every bouquet into an exceptional composition. Its rounded curves, carved with geometric patterns, come alive with captivating reflections. Bold and resolutely modern, this true crystal sculpture captivates the eye, whether filled with flowers or displayed on its own.
