

# Red Eye Photo Frame

Baccarat unveils a collection of emblematic pieces adorned with a touch of red. A symbol of passion and elegance, red is the color of Baccarat. This deep hue embodies vibrant energy and awakens the emotions. Like the chandeliers with their distinctive red tassels, Baccarat red is a unique visual signature that captivates the eye and embellishes the Maison's creations.

Tinted red, the Eye crystal photo frame takes on a new dimension. A true ode to light, the Eye frame features a distinctive diamond cut. Its lines, horizontal on the outside and vertical on the inside, come together to create a captivating visual effect. Transform your memories into works of art, while illuminating the space with incandescent reflections.
